

LES HEURES - THE HOURS

Bonjour, tout le monde! Ici Rolo!

Quelle heure est-il? Il est trois heures.
What time is it? It is three o'clock.

The twelve hour clock is more complicated than the 24 hour digital clock and today we will look at the time on the hour.

Time on the hour...

Il est une heure = it's 1 o'clock.

Il est deux heures = it's 2 o'clock.

Il est trois heures = it's 3 o'clock.

etc until we get to 12 midday.

Il est midi = it's 12 o'clock midday.

Then back to:

Il est une heure

Il est deux heures

Il est trois heures

etc until we get to 12 o'clock midnight.

Il est minuit = it's 12 o'clock midnight.

Now write the time in French under each of these clocks.
